Weather delay?

If weather conditions prevent collection of curbside garbage, recycling or yard/food waste, please remove containers from the curb at the end of the day, and follow the guidelines below. Tips for setting out extra materials are included below. Please follow container weight limits.

Recycling: the next recycling collection will be on your regular recycling day in two weeks. There is no charge for extra recyclables that don't fit in your cart. (See extra recycling guidelines below.)

Garbage: up to twice the regular amount of garbage will be collected on your next regularly scheduled collection day the following week for no additional charge.

Yard/Food Waste: up to twice the regular amount of yard/food waste will be collected on your next regularly scheduled collection day the following week for no additional charge.

Drivers must work extra hours during make-up collections, and disposal and processing costs are based on the total amount of material collected. Therefore, billing credits are not issued due to weather-delayed service.
