THINK OUTSIDE THE CART

REDUCE AND REUSE BEFORE YOU RECYCLE.

Waste prevention is our biggest opportunity to reduce the consumption of natural resources.

PREVENT FOOD WASTE – BUY ONLY WHAT YOU NEED
When grocery shopping, be thoughtful. Make a list and buy only what you need to minimize any food waste. Visit wmnorthwest.com for more food waste reduction tips.

BUY NOTHING
Instead of buying items you will use infrequently, consider borrowing or renting. Borrow from a neighbor or social media site.

SHARE, SWAP OR SELL
Sell items you no longer want and find bargains at consignment shops, garage sales, thrift stores, online exchanges and auctions.

CHOOSE TO REUSE
Use reusable mugs, water bottles, utensils and bags. Store these in your car or at your desk so you will always be prepared.

INCLEMENT WEATHER GUIDE

If weather conditions prevent safe collection, up to twice as much material will be collected at no extra charge on your next regular collection day for each container not emptied. No credit for collection delayed due to weather.
