Think Outside the Cart **REDUCE AND REUSE BEFORE YOU RECYCLE**

Waste prevention is our biggest opportunity to reduce the consumption of natural resources.

Prevent food waste— buy only what you need:

When grocery shopping, be thoughtful. Make a list and buy only what you need to minimize any food waste and save money, too!

Buy nothing:

Instead of buying items you will use infrequently, consider borrowing or renting.

Borrow from a neighbor, or connect with Buy Nothing Project groups on social media.

Share, swap, or sell:

Sell items you no longer want and find bargains at consignment shops, garage sales, thrift stores, online exchanges and auctions.

Choose to reuse:

Use reusable mugs, water bottles, utensils, and bags.

Store these in your car or at your desk so you will always be prepared.

For more ideas on reducing food waste, proper food storage tips, and creative recipes visit **King County's Food: Too Good to Waste** at recyclefood.com

Plastic

BOTTLES, JUGS & TUBS

Only recycle these "shapes" of plastic containers—do not worry about the recycling symbol or number.

CURBSIDE COLLECTION AVAILABLE

Used Motor Oil

Please place in plastic containers (like a milk jug) labeled with your name and address.

Limit: 3 gallons per pick up and 10 gallons per year. Set at curb on your regular curbside recycling collection day.

Used Cooking Oil

Please place in plastic containers (like a milk jug) labeled with your name and address.

Limit: 3 gallons per pick up and 10 gallons per year. Set at curb on your regular curbside recycling collection day. Used cooking oil is currently not recyclable due to national public policy changes. WM will continue to dispose of cooking oil properly while recycling alternatives are identified. Do not pour cooking oil down drains.

RECYCLING TIPS

Clean · Empty · Loose

No plastic bags, garbage bags or "recycling" bags allowed. Empty clean recyclables out of bags and boxes into the cart so that they can be easily sorted.

Empty and rinse out all food residue. Labels do not need to be removed.

Extra recycling?

No extra charge. Place extra recyclables in a bin, cardboard box, or paper bag at the curb next to your recycling cart.

The better you recycle, the lower your bill!

The value of materials recycled is credited as your Recycle Rebate on your WM invoice. This changes annually based on the amount and quality of materials recycled by all of Federal Way. Do your part to recycle right and see the results in your bill!
