

WELCOME TO THE WASTE MANAGEMENT FAMILY!

Waste Management is the new service provider for Aloha Garbage customers. This means you are now receiving recycling and garbage services from one of the leading environmental solutions companies in North America.

No service or schedule changes are planned at this time, and no action is required on your part. Just watch for information about what it means to be part of the WM Family.

WHAT CAN I RECYCLE? There are no changes to what you can recycle in your curbside cart. To see what's acceptable, visit the WM website dedicated for your community:
