WM to change recycle, garbage and yard debris schedules for customers in the Wenatchee Valley

WENATCHEE, Wash. (Aug. 18, 2022) – WM's plan to improve route efficiencies in the Wenatchee Valley will require collection schedule changes for some residential customers. Service day schedules for some residents in the Wenatchee Valley will change in late August.

All impacted customers will receive notices by mail. Residents may also refer to maps on the WM website – wmnorthwest.com and download the MyWM App (wm.com/us/en/my-wm-mobile-app) to view schedules. Changes will apply to recycling, garbage and yard debris collection.

"If your schedule changes, it's because we're adjusting collection routes for maximum efficiency," said Tyler Mackay, WM's public sector manager for the Wenatchee Valley. "Fewer miles traveled translates into less fuel consumption and cleaner air. Optimizing routes not only reduces our environmental impact, it also results in more reliable service," Mackay said.

WM will begin the new route schedule the week of Aug. 29. Customers are asked to place carts at the curb by 5 am on their new service day or the night before.

About WM in the Wenatchee Valley - Always working for a sustainable tomorrow
WM is the leading provider of comprehensive recycling and environmental services across the Pacific Northwest and North America. In the Wenatchee Valley, WM has provided services for more than 30 years. Today, the company provides solid waste collection services for Cashmere, East Wenatchee, Leavenworth, Rock Island, Wenatchee and throughout the rest of Chelan and Douglas counties. WM also owns and operates the Wenatchee transfer station and the Greater Wenatchee Regional Landfill, which has earned prestigious certification from the Wildlife Habitat Council for enhancing biodiversity. Single stream recycling from this area goes to WM's state-of-the-art sorting facility – the Spokane Materials and Recycling Technology Center (SMaRT Center).
