

Annual Curbside Cleanup Program

A clean community is a happy community. That's why the City of Spokane Valley and WM are pleased to provide bulk waste services with the Annual Curbside Cleanup.

Spokane Valley residents who subscribe to WM garbage collection are eligible for one collection per calendar year at no additional cost.

What can I set at the curb? That old stove, refrigerator, lawn mower, sofa and more! See the full list and size limits at wmnorthwest.com/spokanevalley.

Call seven days in advance to schedule collection:
877-466-4668. (No collection during holiday weeks.)

Please do not place items on the sidewalk, and not more than 24 hours before the scheduled collection.
