THINK OUTSIDE THE CART

REDUCE AND REUSE BEFORE YOU RECYCLE.

Waste prevention is our biggest opportunity to reduce the consumption of natural resources.

PREVENT FOOD WASTE – BUY ONLY WHAT YOU NEED

When grocery shopping, be thoughtful. Make a list and buy only what you need to minimize any food waste.

Visit wmnorthwest.com for more food waste reduction tips.

BUY NOTHING

Instead of buying items you will use infrequently, consider borrowing or renting. Borrow from a neighbor or social media site.

SHARE, SWAP OR SELL

Sell items you no longer want and find bargains at consignment shops, garage sales, thrift stores, online exchanges and auctions.

CHOOSE TO REUSE

Use reusable mugs, water bottles, utensils and bags. Store these in your car or at your desk so you will always be prepared.
