## Think Outside the Cart REDUCE AND REUSE BEFORE YOU RECYCLE

Waste prevention is our biggest opportunity to reduce the consumption of natural resources.

### Prevent food waste— buy only what you need:

When grocery shopping, be thoughtful. Make a list and buy only what you need to minimize any food waste and save money, too!

For more ideas on reducing food waste, proper food storage tips, and creative recipes visit **King County's Food: Too Good to Waste** at [recyclefood.com](http://recyclefood.com)

### Buy nothing:

Instead of buying items you will use infrequently, consider borrowing or renting. Borrow from a neighbor, or connect with Buy Nothing Project groups on social media.

### Share, swap, or sell:

Sell items you no longer want and find bargains at consignment shops, garage sales, thrift stores, online exchanges and auctions.

### Choose to reuse:

Use reusable mugs, water bottles, utensils and bags.

Store these in your car or at your desk so you will always be prepared.

### FOOD SCRAP TIPS

Gather **food scraps** from your kitchen in:

- Paper grocery bag
- Reusable container
- Compostable bags

Empty **reusable container** into the yard+food waste cart or dumpster frequently, and rinse out.

Find out more at [recyclefood.com](http://recyclefood.com)

Make your food last longer with a few of these tips:

- Store certain produce in the fridge to extend its shelf life, like apples, berries, cucumbers, cherries, peppers, grapes and citrus fruits.
- Use your counter space to ripen fruits such as avocados, melons, pears and stone fruit. Once ripe, refrigerate.
- Store bananas on your counter top away from other fruit—they give off a gas that ripens nearby fruit faster. Or, use them to help ripen fruit quickly!
- Put your bread in the freezer if you won't use it up in one week.

### Report illegal dumping.

Any time garbage from outside your apartment complex is dumped into your dumpsters, it is considered "theft of service". You are encouraged to report this to your property manager, and to also contact Federal Way Police. Here are three ways to make contact:

- If there is no suspect, report the theft online at [federalwaywa.gov/page/file-police-report-online](http://federalwaywa.gov/page/file-police-report-online)
- If you have details about the suspect (description, license plate, vehicle make/model, etc.), call the non-emergency number at **253-835-2121**. Do not confront the suspect.

# DISPOSAL TIPS

## Allow Access to Containers and Keep Recycling Loose and Clean

- Please do not block access to trash and recycling containers.
- If the wrong items are placed in the recycling containers, WM will not empty them. This means all residents may be impacted. Please recycle only the accepted items as shown in this guide!
- Do not use plastic bags to collect your recycling. Recycling must be loose so it can be sorted at the recycle center. All bags are presumed to be garbage. Recycling center staff are trained to discard all bags. Don't let your recycling efforts go to waste!
- Remember, no plastic bags or film plastic in the recycling.

## Give it Away

Some household items can be sold or given away.

Try posting a free ad. You will be amazed at what other people might want.
