FOOD STORAGE TIPS

Counter:

- Tomatoes and fruits that need to ripen first such as avocados, melons, pears and stone fruit. (once ripe, refrigerate)
- Store bananas away from other fruit – they give off a gas that ripens nearby fruit faster. (keep bananas connected)
- Store basil upright in a glass of water, cover top loosely with plastic bag.

Pantry/Cupboard:

- Garlic, winter squash and eggplant.
- Keep onions and potatoes separate from one another in a cool, dark place. Onions make potatoes sprout faster.

Freezer:

- Put bread in freezer if you won't use it up in a week.

Fridge:

- Apples and pears
- Berries, cherries, grapes and citrus fruit
- Leafy greens (in airtight container)
- Broccoli, cauliflower, carrots, parsnips (store in breathable or loosely sealed bag)
- Cucumbers, peppers (loose in drawer)
- Radishes, beets, carrots (remove leafy tops before storing, leave about an inch of stem)
- Zucchini, summer squash
- Other herbs, besides basil

COLLECTION GUIDELINES

Spokane County residents receive weekly garbage service. Recycling is collected every other week. Yard waste service is available by subscription.

Please follow these guidelines to ensure collection.

Please place containers at the curb by **6am**

- Three (3) feet apart with lids opening toward street
- At least three (3) feet from cars, trees, mailboxes
- Wheels as close to the road as possible
- Please remove containers as soon as possible after collection
- Do not overstuff your carts. All materials must fall freely into the truck
